

**Broken
Yolk**

**Car Seat
Safety Checks**

**Waiting
Area**

A limited number of reserved parking spots will be available for you to wait in before entering the Car Seat Safety Check Area at your appointment time.

Please remain in your vehicle with your hazard lights on. If the designated waiting spots are full, find a nearby space that does not block traffic and wait there until it's your turn.

Only vehicles scheduled for a Car Seat Safety Check will be allowed in this area. A team member will open the gate for you once the technician is ready for your appointment.
